

THE RECEPTION

Given our distilled water was beyond our expectation, but it only shows that the people of Hopkinsville are wide awake and quickly recognize a good thing when they see it. They realize that the satisfaction of knowing their water is **ABSOLUTELY PURE** is worth a great deal more than the small cost of the water. The very first order we received was from one of the leading physicians of our city and a number of other physicians have also ordered it, showing how highly they regard it. Isn't their opinion and example worthy of your consideration?

Our Prices are, One gallon 10c. Three gallons, Crate, 25c. Five gallons, Crate or bottle, 35c.

Order a bottle today and see how much better it is than the water you are now using.
